# N. B. Keeney & Son's Contract Prices for "KEENEY QUALITY" Peas

"Crop of 19 Delivery F. O. B. Cheboygan, Michigan

UNLESS OTHERWISE SPECIFIED

Date For

The first figures give the height of vines as measured on our irrigated Montana Trial Ground in 1915; the second the length of pods, and the third the number of days from sowing to first picking.

The number of days vary greatly in different seasons and in different sections and none of these figures would apply to crops grown in other parts of the country.

## Useful Only for Comparing 1915 Crops in Same Neighborhood

Smooth Peas 60 lbs. Wrinkled 56 lbs. per bu.
